CLOSING DATE: 11 DECEMBER 2015@12H00

DEPARTMENT: INFRASTRUCTURE SERVICES

INTRODUCTION

The Lesedi Local Municipality, Electricity Section, requires the services of a suitably qualified and experienced contractor/s to provide the retrofit of streetlight luminaire in Jameson Park area on an as and when required basis for an amount not exceeding R200 000 (VAT included) and up until June 2016, or whichever comes first. Details are indicated on the following schedules

The contractor/s must provide the resources, personnel, transport, equipment and consumable materials necessary to carry out the work of the retrofit of streetlight luminaire in Jameson Park area as and when required by the Municipality.

The retrofit of streetlight luminaire will include but not be limited to the following:-

1. Wiring of street light poles
2. Welding close of pole cover/pole termination box cover.
3. Straighten existing street light pole.
4. Remove existing and install new luminaire
5. Replace/install photo cell on control panel or pole

The bidder must be a qualified electrician and/or have a qualified electrician in its employ with the following:

1. A trade certificate
2. Have 1EP CIDB rating
3. A certificate in good standing from Workmen's' Compensation must be provided.
4. A detailed Curriculum Vita of similar previous experience and/or expertise must be provided

Personnel employed on the general maintenance of high masts for the Electricity Division shall be competent persons as defined in the Occupational Health and Safety Act (Act 85, 1993) and shall be thoroughly experienced and competent in working in close proximity of live and dangerous electrical equipment and assistants shall be adequately supervised to ensure the highest standard of workmanship. Work in proximity of live equipment must be carried out by a competent person (competent as defined in the Occupational Health and Safety Act (Act 85, 1983).

The contractor shall supply the LLM and include in the bid document, copies of all documentation in support of the qualifications and experience of the personnel he intends to use. Contractors who cannot offer competent, qualified electricians, (as defined in the Occupational Health and Safety Act (Act 85, 1993)) and inexperienced personnel in this field will not be considered and their bid will be rejected.

OVERVIEW OF THE WORKS

The contractor may however be requested by the Electricity Department's authorised representative to carry out only a certain item/section/portion of the work as per the bill of quantities and be paid accordingly.

The Contractor shall provide the resources, personnel, transport, equipment, hand tools, consumable spares and materials (where requested to do so), necessary to carry out the repairs and maintenance on the Municipalities electrical network as and when required (this will require the Contractor to make himself/herself available to carry out repairs, etc, 24 hours a day and 365½ days a year and the contractor shall be on site of the repair work to be carried out within one hour of being contacted by the Lesedi Local Municipality – Electricity Division, with all personnel, material and equipment necessary to carry out the task required.

BASIC DESCRIPTION OF THE VARIOUS TASKS

The contractor must collect all material required for the successful completion of the work, either from the Electrical Depot or the Municipal Store. The Contractor remains responsible for the correct material, even if the material is provided by the Municipality.

The contractor or his/her representative must be available on call during office hours and after hours by means of a cellular phone and the cost of the cellular phone calls made by the contractor to the Municipality to be included in the rates.

Contractors must identify themselves on request to all customers, stating their business and producing proof of their appointment for the task.

The contractor or his/her representative must be available on call during office hours and after hours by means of a cellular phone and the cost of the cellular phone calls made by the contractor to the Municipality to be included in the rates.

If it appears to the LLM that the Contractor:

- ✚ Has not commenced the work timeously; or
- ✚ Has not made due progress with the work or exercised due diligence in its execution or maintained it satisfactorily; or
- ✚ Has not completed the work timeously; or
- ✚ Has not executed the work in accordance with this agreement; or
- ✚ Has failed to comply with any other provision of this Agreement; or
- ✚ Has abandoned the contract, then

LLM may issue a written warning to the Contractor regarding his/her non-compliance to the tender specifications. After one (1) written warning notice for non-compliance with the prescribed tender specifications, the Contractor may be deemed to be in breach of Contract, and the appointment may be terminated.

In instances where material cannot be supplied by the Municipality, the successful contractor/s can be requested to supply the required material according to the LLM specification at market related cost (proof of purchase will be required which must be market related) and the successful contractor/s will be allowed a mark-up of 10% on the said purchased equipment.

In the event of any dispute arising from whether such pricing is market related or not, three quotations will be called by Lesedi Municipality for the same material from three different suppliers and the cheapest of the three will be accepted by the contractor and LLM as the market related value.

Site maintenance

During progress of the work and upon completion thereof, the Site of the Works shall be kept and left in a clean and orderly condition. The Contractor shall store materials and equipment for which he is responsible in an orderly manner, and shall keep the Site free from debris and obstructions.

The Contractor/Bidder shall provide the necessary watch guards as required in order to guard the contract sites, works and equipment, while the work/task is being carried out, if required. Material and spares must be relocated to a safe location in the case of where the repair procedure takes a number of days to complete the task, the relocation and storage will be the responsibility of the Contractor/Bidder.

Please note that the Contractor/Bidder will be responsible for the safe guarding and in the event of theft, vandalism or damage, the replacement of any material issued to him/her by LLM, until such time as the equipment has been energized and taken over by LLM.

The Contractor/Bidder must therefore ensure that he/she is adequately insured against any such possible occurrences and proof of such insurance should be provided.

Damage to services

The contractor will be responsible for any destruction/damage in determining the exact extent and location of any services and shall be liable for damages to any such services or any damages suffered by a third party as a result of the excavations carried out by him/her. Damage to services shall immediately be reported to the relevant department

The Electricity Division shall, upon the contractor's request, render the necessary assistance to point out to the contractor any services on site. The contractor must make application for way-leaves in terms of the Municipalities standard requirements.

EQUIPMENT AND TOOLS

The contractor must supply all required tools and equipment including fleet necessary to carry out the required maintenance and repair work.

REGULATIONS

The work will be carried out strictly in accordance with the latest issues of the following documents:

- a) The Occupational Health and Safety Act, 1993 (Act 85 of 1993),
- b) The Electricity Section's Standard Policies and Procedures,
- c) Electricity Act, 1987 (Act 41 of 1987) (as amended). (Note, particularly, Government Gazette R103, 26 January 1996),
- d) Any special requirements of the LLM representative.

ENTERING AND CLOSING OF PRIMARY, SECONDARY SUBSTATIONS, MINIATURE SUBSTATIONS AND STREET LIGHT KIOSKS

- a) A competent person shall be authorised in writing to open and enter live primary-, secondary substations and open miniature substations and street light kiosks, if and when required.
- b) Whenever any substation, miniature substation or kiosk is visited, the doors and gates must be locked when leaving the premises. If no lock was fitted the contractor shall inform the LLM representative immediately, to ensure a lock is provided to him and the door/gate is locked.
- c) Care must be taken to ensure that nobody enters the premises while work is being carried out.
- d) Logbooks must be filled in on entering the substation or miniature substation and on completion of the work required.
- e) An authorised person that opens the substation, miniature substation or kiosk will remain in control of that substation, miniature substation or kiosk.
- f) The contractor/s shall do a visual inspection to ensure that it is safe to enter, before entering. If there is any doubt about the safety of entering or carrying out work in the substations or opening miniature substation or kiosk doors, the matter must be reported to the LLM representative.
- g) Some of the substations are fitted with pepper spray and the contractor must obtain the relevant information and requirements regarding those substations from the LLM responsible person.

INSPECTIONS

The Lesedi Local Municipality representative will on a random basis, inspect the works.

PAYMENT

Payments will be made on a monthly basis for work completed during a specific month. Payment will be made within thirty (30) days from the date that the invoices have been received by the Lesedi Local Municipality representative.

BID TO BE COMPLETE

The Bidder must supply the required information and complete all documents forming part of the Bid document. Any bid which is not fully completed will not be considered. The Schedule of Quantities must be fully priced in the currency of the Republic of South Africa and the bid amount must be forwarded to the Form of Bid. Should any item in the Schedule of Quantities however not be priced it will be accepted as included in the other priced items.

SIGNING OF BID

The Contract Form must be signed by a person duly authorized to do so. A bid submitted by a Corporation must carry the seal of Corporation and signed by the authorized Secretary. A bid submitted by a Consortium of Companies must be accompanied by a registered agreement between the companies concerned with regard to the contract under consideration.

The above document must include all relevant details of the agreement so that the function of the Consortium can be evaluated. Share certificates in regards to the compilation of the Company, Corporation, Consortium, etc must be included in the document.

BID TO BE ALL INCLUSIVE

The Bidder must allow in the bidding rates for all labour, materials, equipment, fleet, temporary works, arrangements, etc. for the satisfactory completion of the Works according to the Bid documents. No additional payments will be considered. Should a Bidder wish to deviate from the specifications or propose different construction materials or methods, he may do so, provided that full details are submitted with the bid. Notice of any deviations or alterations must be given in the schedule provided or in a letter to be attached to the technical proposal.

CORRECTION OF BID BY EMPLOYER

The employer reserves the right to correct arithmetical or other errors in the calculation of the Bidding amount.

COST INCURRED BY BIDDER

The Employer is not responsible for any costs or losses incurred by any Bidder during the preparation of this Bid or the visit to the site for the official site inspection.

ACCEPTANCE OF BID

The council is not committed to accept the lowest or any bid and reserves the right to accept any bid as a whole or in part. The lowest bid will thus not be accepted. The Employer also reserves the right to award any part of the bid to any Bidder.

The successful/unsuccessful bidder may on written request be advised on the acceptance or rejection of a bid in terms of the access to information Act.

Written acceptance of this bid will make the contract binding on both parties

FORMAL AGREEMENT

The successful bidder will enter into a formal agreement with Lesedi Local Municipality.

REQUIREMENTS TO BE OBSERVED WITH REGARD TO VEHICLES AND OPERATORS

The Contractor shall ensure that the driver of the specific vehicle is in possession of a valid driver's license to operate the vehicle, and where applicable, a valid certificate of competency to operate the relevant equipment

The Contractor shall ensure that the vehicle is licensed and roadworthy, license disc shall be displayed on windscreen.

The Contractor shall furnish certified copies of the valid driver's license and certificates of competency to Lesedi Local Municipality within five days from date of signature of the contract, and at any time when the contractor is requested by the Municipality.

INSURANCE

The contractor shall at his/her own expense comprehensively insure himself during the duration period of the contract including the maintenance period (if any), against all losses, injury, damage or claims which may occur due to the execution of the contract or any order there-under. Risks included shall be those due to internal civil commotion, enemy action or Acts of God. A copy of the insurance policy must be submitted before work can commence.

Notwithstanding the provisions for insurance contained in this clause, all risk in the contract work or works shall remain with the contractor until such time as the same have been completed, handed over and accepted by the Municipality, including the period of guarantee. A guarantee period of twelve months is required on all work carried out and material used by the contractor.

Should the contractor or any sub-contractor become liable for any loss or damage resulting from execution of the contract, he/she shall bear the amount of all uninsured losses which shall include the amount of all applicable deductibles under any relevant policy of insurance.

MINIMUM STANDARD

All items offered within this contract must comply with the relevant SABS standard. The goods supplied shall conform to the standards mentioned in the bidding documents and specifications.

PRICES

Prices charged by the supplier for goods delivered and services performed under the contract shall not vary from the prices quoted by the supplier in his bid, with the exception of any price adjustments authorized or in the purchaser's request for bid validity extension, as the case may be.

CIDB (CONSTRUCTION INDUSTRY DEVELOPMENT BOARD)

Only those bidders who are registered with the CIDB, or are capable of being so registered prior to the evaluation of bids, in a contractor grading designation equal to or higher than a contractor grading designation determined in accordance with the sum bid for a 1EP class of construction work, are eligible to submit bids.

PREVIOUS EXPERIENCE IN STREET AND AREA LIGHTING SYSTEMS AND THE LOW-, MEDIUM- AND HIGH VOLTAGE ENVIRONMENT

It is a specific requirement that companies be able to demonstrate previous experience in the comprehensive maintenance of area lighting systems and the low-, medium- and high voltage environment. Please provide as much detail as possible. The bidder must supply full details, including the names of contact persons, of similar work, which he/she has successfully completed. The appointed contractor/bidder shall in all cases be responsible for carrying out and completing the work/task expeditiously, in a proper and workmanlike manner to the satisfaction of the LLM.
